

## Entrust Insurance Services Specialises in Business and Commercial Insurances

Your business is in safe hands when you insure through us. Our many combined years of expertise as technical insurance advisors and access to the majority of UK insurers means that we can insure your business correctly and competitively.

## Working With Us

It is important to know your business partners. We like to meet all of our clients face to face. Especially when the insurance arrangements are complex.

We want to know everything about your business and will take the time to listen to you.

The information we collect from you is clearly presented to relevant insurers within our panel, both generalists insurers and if required our niche markets.

We communicate with our insurers throughout the quotation process on the phone and often face to face. This ensures the Underwriters have a clear understanding of the business presented to them and can arrange appropriate cover and the best premiums.

## Clear, Concise, and in Plain English

Our quotations and recommendations will be provided to you in our easy to read report.

We clearly explain the insurance we are offering, advise and comment on any questions or issues that have arisen along the way and provide all the terms of the quotations for your consideration.

## It's Not a Chore

Not for us anyway. With our help moving your insurance will be simple and time effective.

- Any forms that are required we will complete for you to sign
- Ensure prompt issuing of documents and ensure that they are checked thoroughly
- Attend any insurer surveys to support you
- We are not a call centre. You will have one person assigned to your account who will be permanently easily contactable

## What Can We Arrange For You?

Our insurers operate across all industries and so do we. The insurances we most commonly provide are:

Public, Product & Employers Liability  
Business Interruption  
Professional Indemnity  
Contractors All Risk  
Plant and Machinery  
Commercial Property  
Motor Fleet  
Truck & Haulage  
Legal Expenses  
Employee Schemes for Healthcare, Personal Accident and Business Travel Cover

And the list doesn't end here. Our many insurer partners are able to offer terms on practically any insurance you can challenge us with. And we do like being challenged!

We also provide deals on Personal Insurances for directors and general staff.

## Flexible Premium Payments

You have options available to pay your premium, including monthly. We can discuss the best way that suits you and your business.

## So What Next?

Arrange your meeting with us by telephone or email. Ideally at least six weeks before your insurance renewal date.

We will happily diary to contact you at this time.

You can register your interest on our website home page.
